SECOND QUARTERLY RESULTS REPORT **2021** 第二季度業績報告

FOR THE SIX MONTHS ENDED 30 JUNE 2021
截至二零二一年六月三十日止六個月

CHARACTERISTICS OF THE GEM (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Beijing Beida Jade Bird Universal Sci-Tech Company Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement in this report misleading.

Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables and has a credit control department to minimise the credit risk. Overdue balances are reviewed regularly by senior management. In view of the aforesaid and the fact that the Group's trade receivables relate to a number of diversified customers, there is no significant concentration of credit risk. Trade receivables are non-interest-bearing.

MANAGEMENT DISCUSSION AND ANALYSIS

Overall performance

The Group is principally engaged in tourism development business, investment holding of diversified portfolios and other businesses including sales of metallic products and wine and related products.

During the period under review, the business and financial performance of the Group were improved when compared with the corresponding period of 2020, as a result of the stabilization of the novel coronavirus pneumonia (“COVID-19”) epidemic (the “Epidemic”) in the PRC. For the six months ended 30 June 2021, total revenue recorded by the Group amounted to approximately RMB202.5 million (2020: RMB187.1 million), representing an increase of 8.2% year-on-year. The gross profit was increased significantly to approximately RMB34.7 million (2020: RMB12.7 million), as the performance of the Group’s tourism development business during the corresponding period in 2020 was affected adversely by the initial outbreak of the Epidemic in the PRC. Revenue generated from the winery amounted to approximately RMB5.1 million (2020: RMB4.8 million), which remained stable.

Outlook

Looking ahead, the performance of the tourism development business of the Group will still be affected in light of the evolving situation regarding the Epidemic. The tourist area at Nanyue District, the place of operation of the Group's tourism development business, has been temporarily closed with effect from 8 August 2021, due to the policies and measures implemented by the government of the PRC to deter the Epidemic in the PRC. It is currently expected that the business operation and financial performance of the Group's tourism development business would be adversely affected by such closure in the third quarter of 2021.

The Group would closely monitor the performance of its main businesses and the existing investment portfolio held by the Group. The Group would only explore investment projects with promising development potential in a prudent manner and carefully assess investment opportunities in the market in order to create a better return for its shareholders. The Group will keep continuous attention on the development and situation of the COVID-19 and react actively to its impact on the financial position and operating results of the Group.

本集團將密切監察其主要業務的表現以及本集團持有的現有投資組合的表現。本集團將僅會審慎探索具良好發展潛力的投資項目及小心評估市場投資機遇，以為股東創造更佳回報。本集團將持續關注2019冠狀病毒病的發展及情況，並積極應對疫情對本集團的財務狀況及經營業績產生的影響。
